# Creative Class

## \$100 off Membership

The toughest part of freelancing isn't the actual work. It's the stuff that enables you to DO your work, like business, marketing & sales. We're talking clients. Pricing. Landing projects. Getting paid. Managing revisions (endless revisions).

Finding your audience and connecting with them in a way that feels right for you. If you're like most freelancers, it's the business stuff that keeps you awake at night, not the actual writing, programming, coaching or designing.

That's where the Creative Class comes in.
